Drinking Water Operator Review Course

May 17, 18 and 24, 2010

*Fulfills the NJDEP exam re-take requirement...great for anyone who needs to review prior to **any** water licensing exam!*

Office of Continuing Professional Education

Drinking Water Operator Review Course

The New Jersey section of the American Water Works Association (NJAWWA) and the NJAES Office of Continuing Professional Education have teamed up to offer drinking water operators an excellent opportunity to refresh and review prior to taking state licensing exams.

If you have failed a water licensing exam three times (T, W or VSWS), under the NJDEP licensing regulations you are required to take a refresher or review class prior to taking the exam again. This course will fulfill that requirement. Are you currently licensed and planning to take a higher level exam in the future? Do you just feel a bit "rusty" and want to gain back your edge when it comes to day-to-day operational knowledge? Whichever category you fall into, this is the course for you!

Combining the Association of Boards of Certification's (ABC) "need-to-know" guides with statistics from recent NJDEP exams and a wealth of professional, real-life experience from our presenters, this course will give you the confidence to conquer the "rough spots" on licensing exams or the "tough spots" faced daily in the workplace. Specific topics will include:

- | | |
|---------------------------------|----------------------|
| Water treatment techniques | Pumps/chemical feeds |
| Water quality regulations | Safety |
| Testing/sampling/lab procedures | Electrical basics |
| Fe and Mn removal | Sequestering |
| Valves, hydrants, meters | Mathematics |
| Tank/system maintenance | Cross connections |

Drinking Water Operator Review Course

www.cpe.rutgers.edu

The primary course consists of two full days. Presentations on the optional third day (May 24) will focus on areas of concern from recent past exams; you will also have the opportunity to work in small groups sessions. **NOTE: IF YOU ARE TAKING THIS COURSE TO FULFILL THE REQUIREMENT FOR A REFRESHER COURSE PRIOR TO AN EXAM RE-TAKE, YOU MUST ATTEND ALL THREE (3) DAYS.**

Course coordinators Bill Mitchell (Trenton Water Works) and Carol Storms (AQUA NJ) have lined up the best and brightest from across the NJ water industry to participate. Breaks and lunch will allow time to network with the speakers, as well as with other operators and utility personnel.

Do not miss this unique opportunity! Special rates are available for NJAWWA members or holders of current NJ drinking water licenses (T, W or VSWS only).

Registration Fees Course Code: E00208CA10

NJAWWA member - 2 days	\$310
NJAWWA member - 3 days	\$380
NJ lic. water operator - 2 days	\$192.50 (T, W ,VSWS)
NJ lic water operator - 3 days	\$227.50
Non lic./non-NJAWWA member—2 days	\$385
Non lic./non-NJAWWA member - 3 days	\$455

Note: Current holders of NJ drinking water licenses (T, W or VSWS) will be eligible for 12 (two-day registration) or 18 (for three day-registrations) TCH's for this program.
